

# Light and Darkness

## Light

Blinding with my rays of light.  
As I try and try with all my might.  
Just to make the world turn right.

## darkness

Alone

**ENVELOPING** the world with **DARKNESS**.

At first they can't see  
my methods **HIDDEN** in the **DARK**.

But though they seem **TREACHEROUS** and **UNCONVENTIONAL**,  
they seem to work for me.

No **NIGHT**

by myself.

No light

without the other piece of me.

Why can't I seem to make it work?  
The bright white light leaving everything exhausted.

Tiring

Why are they **AFRAID**?  
The **DARKNESS OVERWHELMING**.

**ENVELOPING**.

**SUFFOCATING**.

Their hands **SEARCHING**  
through **BLACK**,  
finding nothing.

When if they looked  
for a second more  
they would find what they were looking for.

But if I unify myself  
Let the **DARKNESS SOOTHE** the burn  
with it's **SOFT TOUCH**  
**ENVELOPING** the pain.

Let the warm glow of the light  
reach me and fill me.  
spreading throughout every inch of being  
an eternal flame

**NIGHT** and Day
